*By Appointment.*

**The Clan Sinclair.** This clan is descended from the Comte de Saint Claire, one of the Norman nobles, who came to England with William the Conqueror in 1066. They obtained various grants of lands from the Crown, and throughout the centuries maintained a position of influence in the government of Scotland. They have been a family of particular distinction. The chief was made Earl of Orkney, and later Earl of Caithness. Their badge is "Whin."

*Printed in England*
